Dear Mayor Lane and City Council Members,

I recently met with Councilman Jacobs to talk about speeding on Jordan Road. We moved to Keene last summer from Colorado and have 4 young children. We love the semi rural setting of our home, but do not feel safe riding bicycles with our kids on the street. People frequently zoom by at what seems to be 45mph. On a couple of occasions, while driving the 30 mph speed limit, I've had frustrated or even irate drivers zoom up behind me and aggressively tailgate the entire way down the hill into town.

Would it be possible to put in speed humps along Jordan Rd? I am confident that if I spoke with families along the street I would find plenty of support.

Thank you for your time and consideration,

Liberty Ebright

Jones Communication

BACKGROUND:

In an effort to show support and respect for the services provided by Police Department personnel, Councilor Jones is recommending that a blue line be painted in between the no passing yellow lines along the length of Marlboro Street from Eastern Avenue to Main Street.

In City Council October 6, 2016.

Referred to the Municipal Services, Facilities and Infrastructure Committee.

City Clerk

FROM: Councilor Philip M. Jones

TO: The Honorable Mayor and City Council

SUBJECT: Blue line on Marlboro Street to show appreciation for Police Personnel

Recommendation:

Recommend that the Keene City Council authorize the City staff to paint a blue line in between the no passing yellow lines along the length of Marlboro Street from Eastern Avenue to Main Street. This would serve to signify our community's support and respect for all the services provided and the job done by local Police personnel.

BACKGROUND:

All our Police staff drive along Marlboro Street before and after each shift. The blue stripe would serve as a reminder that they always have the support of the local community.

Modern day police personnel are working at an all-time high stress level. The blue stripe would be a continuous reminder of the community appreciation for all that they do.
